DETAILED ACTION

Response to Amendment

1. Applicant's request for reconsideration of the finality of the rejection of the last Office action is persuasive and, therefore, the finality of that action is withdrawn.

REASONS FOR ALLOWANCE

2. After further search and thorough examination of the present application and in view of the Applicant's arguments and amendments, claims 1-11 are found to be in condition for allowance over the prior art made of record.
3. The following is an examiner's statement of reasons for allowance: Applicant teaches an electronic recording system for recording and storing data, the data is addressable using a unique printed identification code wherein the code must be read before the recording and storing of the data. These limitations in conjunction with other limitations of the dependent and independent claims were not shown by, would not have been obvious over, nor would have been fairly suggested by the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
